Programming Languages
Alex's Scorecard

Programming Languages

Note: Below is a list of programming languages in which I have written programs.

No.	Language	Origin of name	Comments
1.	Pascal	Blaise Pascal	first program: game of Life, punchtape
2.	Basic	self-explanatory	high-school CS, Apple II clones
3.	Prolog	**Pro**gramming in **Log**ic	Used for AI applications
4.	C	A, B, **C**	Learned while at University of Alabama
5.	Clarion	?	Database development language
6.	LISP	**Lis**t **P**rocessing	Programming languages class, U of A
7.	Awk	Alfred **A**ho, Peter **W**einberger, Brian **K**ernighan	T.A. in grad school for Programming Languages class
8.	ml	**m**eta**l**anguage	same as above
9.	C++	"++" is "increment" in C	learned (finally) in grad school
10.	SQL	**S**tructured **Q**uery **L**anguage	database query language
11.	Java	Coffee bean?	Taught in a web programming course
12.	Perl	originally "Pearl" (Parable of the Pearl)	powerful script language for Unix
13.	JavaScript	Java+Script	taught in web programming course
14.	PHP	**P**ersonal **H**ome **P**age	taught in web programming course
15.	XQuery	**X**ML **Query** language	taught in grad. databases class
16.	Smodels	**S**table **Models**	extension of Prolog for AI applications
