

CSC 484 Team Membership for Assignment 1 (and Possibly Beyond)

Here are the team memberships and tool areas for Assignment 1, based on the preferences submitted in the first lab. To constitute the teams, I used personnel preferences first, project preferences second. Everyone got first choice on personnel preferences. After that, I went by first, second, and third choice of project area. Students who did not originally submit a questionnaire were added to a team where the was room and mutual interest.

Team Sports (5):

Ravi Gill
